We are pleased to be able to offer to our customers what we consider the outstanding bulb collections available. These bulbs, including Tulip, Hyacinth, Daffodil, and Crocus, are Holland grown, of excellent quality, and packaged more attractively and conveniently than any others we know. Every collection has its own display shield which includes excellent pictures of each variety and correct planting instructions. The varieties are carefully separated in the carton. We do not hesitate to recommend them to you for your trade.
